

A photograph of an oil pumpjack in a dry, open field. In the foreground, there is a large, rusted metal tank on the left and a green motor with a large flywheel on the right. A green, rectangular cover is partially buried in the dry grass in the center. In the background, the pumpjack is visible, along with two large floodlights on stands. The sky is clear and blue.

Clean up lube oil and install blown down tank

Add berms around
tank or remove from
location

Remove dead weeds from location
