General Comment:

This is a Construction and Stormwater Inspection. No Form 42 :NOTICE OF CONSTRUCTION OF A NEW LOCATION OR MAJOR CHANGE: has been submitted for this Location. Operator located a Deleted E form Notice of Construction for this Location in their Files; they believe it was accidentally deleted instead of sent. Copy of Form is attached to this Inspection.

This Site, being within an RSO & Sensitive Water Resources Area would have made it a High Priority for Inspections during the Construction Phase. It is imperative that oversights of Form 42 submittals do not occur in the Future.

Location Construction

Location ID: 324061 CDP: _____

Comment: Inspection is not Timely because Notice of Construction was not Submitted. Location is actually finished Construction Phase. Conductors are Set. Site appears Well built and Stable with no apparent SW concerns. Location is within a Sensitive Water Resources Area. A portion of the amended pad falls within a cutthroat trout restricted surface occupancy area (RSO) for nearby Beaver Creek.

Corrective Action: _____ **Date:** _____
