 There is not, nor has there ever been, a surface pit associated to the Hazlet wells to the knowledge of our operator. Please see the attached photos demonstrating that there is no pit on location. A site visit was conducted to confirm no existence of a pit on location. There are no surface indications of a pit on site. A desktop review also concludes there is no pit onsite nor during the extent of Bayswater's ownership of this location. Bayswater would like to request that the status of this "pit" be changed to "Closed."
