**OPERATOR COMMENT**

Wexpro Company cannot find any documentation in our well files, site facility diagrams or historic Google Earth imagery that there was ever more than one pit on the BW Musser 17 well pad. Please see the attached Google Earth imagery from 2014 showing one pit (facility 439742, Wexpro Company is currently working with COGCC to close this pit). Also attached is a site facility diagram from 2008 showing one pit, facility 439742. I believe that facility 100388 was a duplicate created in error.  
Wexpro Company requests closure and NFA of facility 100388.

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
