Commission

Department of Natural Resources

Inspection Photos  
Location Name: Shoemaker /AA07-65HN Multi  
Location ID: 306586

**Photo 1.** Photo taken from the northern battery location, facing East. An unconsolidated berm has been installed along the north and east production area. Cattle have diminished the quality of the berm along major portions.

**Photo 2.** Photo taken from the northeast battery location. A series of wattles have been placed at the potential discharge point.
