Re: Exception Location Requests to COGCC Rules 318A.a & 318A.c.:
Leonard 1C-11N wells: NWSW, Section 21, Township 2 North, Range 67 West, Weld County, CO

Dear Mr. Lepore:

Extraction Oil & Gas, LLC (Extraction) is planning to drill the following 11 horizontal wells:

Leonard 1C (Doc # 401160844), Leonard 7N (Doc # 401160925),
Leonard 2N (Doc # 401160882), Leonard 8N (Doc # 401160930),
Leonard 3N (Doc # 401160885), Leonard 9C (Doc # 401160933),
Leonard 4N (Doc # 401160893), Leonard 10N (Doc # 401160937),
Leonard 5C (Doc # 401160904), Leonard 11N (Doc # 401160956),
Leonard 6N (Doc # 401160909),

The surface locations of Extraction's proposed Leonard 7N – Leonard 11N wells have been staked outside of the COGCC Rule 318A.a. Greater Wattenberg Area (GWA) Drilling Window. Under the COGCC Rule 318A.c. any new twinning well is to be located within 50 feet of an existing well. All of the proposed Extraction wells listed above are not within 50 feet of an existing well. The surface owner has waived Rules 318A.a. & 318A.c. in the SUA which is highlighted on page 4 of the SUA attached to the APD.

Extraction respectfully requests the COGCC to review the enclosed information and approve the requested exception location to rule 318A.a & 318A.c. for the Applications for Permits to Drill for the wells on the subject pad. This is the best location for the wells since the wells are outside of the buffer zone and will disturb less area if the wells are closer to the facilities. The location of the wells was agreed upon between the surface owners and Extraction.

Sincerely,

Alyssa Andrews
