RE: Rule 317.s. Statewide Fracture Stimulation Setback
Johnsons Corner East 2-C: SWNE, Sec. 35-5N-68W

Dear Operator,

Extraction Oil & Gas, LLC (Extraction) is applying to the Colorado Oil and Gas Conversation Commission (COGCC) to drill the above referenced well. Per COGCC Rule 317.s., no horizontal wellbore's treated interval shall be located less than one hundred fifty (150) feet from any existing or permitted oil or gas wellbore's treated interval unless waived in writing by the operator of the encroached upon well. As currently planned, the horizontal wellbore's proposed treated interval of the above well will lie within 150 feet of the treated interval of the captioned well:

State Anderson 41-36, API #05-069-06377, operated by Magpie Operating, Inc., Closest distance: **76 feet**

Per COGCC Rules, Extraction is required to get the offset well operator's approval in writing and a waiver of said Rule 317.s. The well is planned as above to maximize mineral recovery. Also enclosed is a Well Location Plat that shows the planned wellbore.

Should you find the stimulation of the proposed wellbore acceptable please indicate so by signing the below section and returning the signed letter either via email to aandrews@extractionog.com or by mail. Please contact the undersigned at 720-481-2379 with any questions.

Sincerely,

A handwritten signature in cursive script that reads "Alyssa Andrews".

Alyssa Andrews
Regulatory Analyst
Extraction Oil & Gas, LLC

I, Ryan Warner, officer, agent, or employee of Magpie Operating
operator of the affected well, with full power to execute the following, do hereby approve of the **Johnsons Corner East**
2-C well as listed above in **Sec. 35-5N-68W** and grant a waiver COGCC Rule 317.s. granting that this well may drilled as
planned.

Signed  this 17 day of April, 2017
