Dear Building Unit Owner,

Great Western Operating Company, LLC ("GWOC") has submitted an Oil and Gas Location Assessment ("OGLA") permit to the Colorado Oil and Gas Conservation Commission ("COGCC") for an expansion of the Schneider HD Pad and the addition of (3) wells for a total of (15) oil and natural gas wells on this location with associated facilities.

In accordance with Rules 305.a.(2) and 305.c.(1) of the COGCC Rules and Regulations, this letter serves as a waiver to the 30-day pre-application notification rule and the OGLA Notice.

Your signature illustrates your acceptance that GWOC submitted its Application for Permit to Drill to the COGCC before the 30-day notice period expired and has not sent an additional OGLA notice for this Refined OGLA permit.

If you have any questions regarding this matter, please contact Ashley Noonan at (303) 398-0355 or email at regulatorypermitting@gwogco.com.

Sincerely,

Ashley Noonan
