Ladies & Gentlemen,

Crescent Point Energy U.S. Corp (Crescent Point) is planning to drill the above mentioned well(s) in the Niobrara and Codell formations.

The surface locations of Crescent point's proposed well(s) have been staked outside of the 318A.a., 318A.c. drilling window. The locations are being permitted as exception locations. Crescent Point has obtained written permission contained in a waiver from the surface owner.

Crescent Point respectfully requests that the COGCC review the enclosed information and approve the requested exception location waiver and application for permit to drill the captioned well.

If you have questions or concerns, please feel free to call me anytime at 303-382-6792. Thank you.

Sincerely,

Chris Noonan  
Landman
