COMMENTS

Cub Creek conducted research to identify a representative water well suitable for baseline sampling requirements (attached). There are three permitted water wells (Receipt #s 461186, 3654733J, and 9065276) that would qualify for baseline sampling. There is no record of the well with receipt # 461186 ever being drilled. For wells with receipt #s 3654733J and 9065376, a water well sampling request letter was sent to the owner of the wells and there was no response. Therefore, Cub Creek is requesting an exception to Rule 318A.e(4).
