RE: Statewide Fracture Stimulation Setback Consent – COGCC Rule 317(s)  
Wells Ranch BB11-618 Horizontal Well  
Township 5 North, Range 63 West, 6<sup>th</sup> P.M.  
Section 11: SW/4SW/4  
Weld County, Colorado

Dear Mr. Wagner:

Wells Ranch BB11-618

Noble Energy Inc. ("Noble") plans to drill the Wells Ranch BB09-639 Horizontal Well (the "Well"), with a wellbore lateral as depicted on the enclosed plat.

Our records indicate that PDC Energy, Inc. operates the following well(s) which are located within 150' from our proposed horizontal wellbore lateral:

Wells Ranch 24-11, API# 123-22244 – located 109 feet from the proposed subject well

Colorado Oil and Gas Conservation Commission ("COGCC") Rule 317(s) provides that no portion of a proposed wellbore's treated interval shall be located less than one hundred fifty (150') feet from any existing or permitted oil or gas wellbore, but this requirement may be waived in writing by the operator of the encroached upon well.

Noble respectfully requests that PDC Energy, Inc. consent to this requirement and allow Noble to drill the Well as proposed. Accordingly, by executing this letter, PDC Energy, Inc. consents to COGCC Rule 317(s) and grants its consent to allow Noble to drill the Well within the 150' minimum intra-well distance provided for in said rule.

If you have any questions or need any additional information, please call me at (303)-228-4209

Very truly yours,
