SUNDRY NOTICE

Submit a signed original. This form is to be used for general, technical and environmental sundry information. For proposed or completed operations, describe in full in Comments or provide as an attachment. Identify Well by API Number; identify Oil and Gas Location by Location ID Number; identify other Facility by Facility ID Number.

GROUND WATER SAMPLING

Uses of Ground Water Sampling Section

Request an Exception to Ground Water Sampling Requirements in Greater Wattenberg Area Rule 318A.e(4) or in Statewide Rule 609.c. Request a Previously Sampled Water Source in the COGIS database be used to meet sampling requirements as described in Rule 609.d. (3).

NOTE: If this Sundry Notice is being submitted to request a Ground Water Sampling Exception it cannot be used for any other purpose except requesting the use of a Previously Sampled Water Source in the COGIS database.

- ☐ Request an Exception to Ground Water Sampling Requirements per Greater Wattenberg Area Rule 318A.e(4): There are no Available Water Sources located within the governmental quarter section or within a previously unsampled governmental quarter section within a 1/2-mile radius of this proposed Oil and Gas Well, Multi-Well Site, or Dedicated Injection Well.
- ☒ Request an Exception to Ground Water Sampling Requirements per Statewide Rule 609.c.
- 1 Number of Water Sources located within one-half (1/2) mile of a proposed Oil and Gas Well, Multi-Well Site, or Dedicated Injection Well.
- 4 Number of Water Source Exceptions requested per Rule 609.c.
- 1 Number of Water Sources determined to be unsuitable. **The condition of these Water Sources MUST be documented in the comments below or in an attachment.**
- 0 Number of Water Sources suitable for testing whose owners refused to grant access despite an operator's reasonable good faith efforts to obtain consent to conduct sampling. **The reasonable good faith efforts used to obtain access from the owners of these Water Sources MUST be documented in the comments below or in an attachment.**
- ☐ Request a Previously Sampled Water Source in the COGIS database be used to meet sampling requirements as described in Rule 609.d(3)

Type of Sample Substitution Request

Enter Sample ID Number from COGIS Maps for each Previous Water Sample:

Sample ID	Facility ID	Sample Date	Sample Purpose

COMMENTS

This form applies to Rio Lobo #1-30 well (05-121-11065). Requesting an exception to groundwater sampling requirements per Statewide Rule 609.c.

There is only one (1) water source within one-half (1/2) mile of the proposed oil and gas well; however, the well is considered unsuitable to sample. An attempt was made on July 11, 2016 to collect a sample; however, due to a broken housing on the windmill, the pump did not operate despite suitable wind conditions.

An additional visual inspection was conducted in April 2017 to determine if the well was operable, but there was no evidence of repair. There was sufficient wind at the time, but the windmill did not operate. See Sundry Form 4, Document Number 401076993 for reference to the July 2016 groundwater sampling attempt.

There are four (4) water source exceptions requested per Rule 609.c.

The COGCC GIS Online Interactive Map and field observations were utilized to research applicable groundwater wells.

Operator Comments:

This form applies to Rio Lobo #1-30 well (05-121-11065). Requesting an exception to groundwater sampling requirements per Statewide Rule 609.c.

There is only one (1) water source within one-half (1/2) mile of the proposed oil and gas well; however, the well is considered unsuitable to sample. An attempt was made on July 11, 2016 to collect a sample; however, due to a broken housing on the windmill, the pump did not operate despite suitable wind conditions.

An additional visual inspection was conducted in April 2017 to determine if the well was operable, but there was no evidence of repair. There was sufficient wind at the time, but the windmill did not operate. See Sundry Form 4, Document Number 401076993 for reference to the July 2016 groundwater sampling attempt.

There are four (4) water source exceptions requested per Rule 609.c.
