Detailed description of the issue or issues.	,I just took my dog out into our back yard and as soon as I stepped outside I noticed a strong odor that I can best describe as similar to paint thinner or pure gasoline. It's as if I was holding my head over an open can of paint thinner/gasoline. Very strong, terrible petroleum smell. It is Tuesday May 23rd at 8:29pm. The last time I was outside (around 6:30pm) I did not notice it.
