**General Comment:**

This is a follow up reclamation inspection to FIR Document #682401514. It appears this location is being used as a monitor well based off Form 4 Document #401102204. Any corrective actions from previous inspections that have not been addressed are still applicable.

Comment

The Operator has failed to perform interim reclamation work that was to be completed by May 1, 2017. The Operator communicated to COGCC staff on May 16, 2017 that interim reclamation work will begin without delay on the LAZY D ZN 03-15HZ location. COGCC staff would expect the Operator to perform interim reclamation at this monitor well location as well.

Corrective Action

Perform interim reclamation on all areas not needed for production operations per Rule 1003.
