450646	WELL	TA	05/17/2017	OG	103-12288	Rangely Unknown 3	TA

General Comment:

PROW/ODO well. Well is about 10 feet from the edge of the White River in Rio Blanco county. Wellbore contains water - roughly 3' above ground level/6" down from top of casing. 12" casing at surface - tried to measure depth - deeper than 150'. No measurable gas present - measured by volume-13 gallon trash bag, measured by 4gas meter. No change noted with either measurement. Well is located in a fairly accessible open field - gate on one side/electric fence on the other - would have to be moved. A plugging bid has been presented to Craig Burger.
