Detailed description of the issue or issues.	, This morning I have been out in my yard with my dog at 6am and 7:45am. There is a strong petroleum odor in the air again. Around 6am it almost smelled like a combination of paint thinner and detergent -- but now at 7:45am it is back to smelling like painter thinner/gasoline. It is powerfully strong. It irritates my sinuses -- and gives me a headache. Beyond the health issues, it is a NUISANCE. I have to cut short my time out in my yard.

	Friends who come to visit do not want to spend time at my house outside. No one should be prevented from being able to spend time in their own yards because they are driven indoors by an extremely bad odor that is an irritant to the respiratory tract. Memorial Day BBQ? Not at my house. The COGCC is failing Erie residents.
Type of Complaint (Click all that apply)	Air Quality/Odor
