Dear Owner,

TEP Rocky Mountain LLC ("TEP") is filing an application with the Colorado Oil and Gas Conservation Commission ("COGCC") to add the Rollins and Williams Fork formations to the existing SG 922-32D salt water disposal well. TEP is filing the application as part of its efforts to reduce water hauling for its oil and gas operations in the area.

In accordance with the rules and regulations of the COGCC, this letter has been sent as notice of TEP's application to add the Rollins and Williams Fork formations to the SG 922-32D dedicated injection well, which will target the Rollins and Williams Fork formations as the objective disposal intervals.

Any person who would be directly and adversely affected or aggrieved by the authorization of the underground disposal into the proposed injection zone may file, within fifteen (15) days of notification, a written request for public hearing before the COGCC, provided such request meets protest requirements specified in subparagraph m. of Rule 325. Additional information on the operation of the proposed disposal well may also be obtained at the COGCC office.

If you have any questions concerning this application, please contact the undersigned at 970-263-2755.

Sincerely,

TEP Rocky Mountain LLC

Dear Mr. Lepore,

This letter is for clarification purposes related to the surface location of the SG 922-32D Injection Well. TEP Rocky Mountain LLC ("TEP") is currently the owner of the surface location in which the SG 922-32D Injection Well is planned. As such, please accept this letter as certification that TEP agrees to the location and uses of its property for the addition of the Rollins and Williams Fork formations, and intended uses of the SG 922-32D Injection Well on TEP property.

If you have any questions or concerns I can be reached via phone at 970-263-2755.

Sincerely,
