### CORRECTIVE ACTIONS:

1 CA# 80917

Corrective Action: Perform weed control prior to seed dispersal. Continue to monitor and manage this site until Final Reclamation has Passed.

Date: 07/07/2017

Response: CA COMPLETED

Date of Completion: 06/14/2017

Operator Comment: Mckay Lakes has active monitoring wells that we need to get into periodically. So the road needs to stay until the monitoring wells are removed. At that time we will remove the road and reclaim. It was seeded this spring and we will mow though out the summer and reseed this fall if necessary.

COGCC Decision: **Not Approved**

COGCC Representative: The operator comment does not address the corrective action to "Perform weed control prior to seed dispersal". Operator will need to resubmit the FIRR once the corrective action has been performed.
