Detailed description of the issue or issues.	,At 4:37pm this afternoon, while out in my yard with my dog, the strong petroleum odor came back. By 5:20pm it was gone. But then it came back around 7pm. Then at 8pm it was gone. Tonight is much more sporadic. Lately the toxic odor has been lingering for 5-6 hours. Tonight was different. Still, when I tried to run in the yard to catch my dog, I could barely breathe and came in completely out of breath because the air quality was so poor.
