RE: Rule 603.a.(2) Exception Location Waiver  
SandRidge Exploration & Production, LLC  
**Mallard 0780 1-15H22**  
Sec. 16 T7N R80W  
Jackson County, Colorado  
Surface: Fee  
Through Federal Mineral Lease: COC070033  
Through Mineral Lease: Fee  
BH Federal Mineral Lease: COC070033  
Surprise Federal Unit: COC75107X

Dear Ms. Elliot:

SandRidge Exploration & Production, LLC (SandRidge) intends to apply to the Colorado Oil and Gas Conservation Commission (COGCC) to drill the above referenced well at the described surface location. COGCC Rule 603.a.(2) stipulates that "A well shall be located not less than one hundred fifty (150) feet from a surface property line." This well is less than the require 150 foot setback from the surface property line. As you are aware, the surface locations were chosen in concurrence with SandRidge, the private surface owner, and the Bureau of Land Management (BLM) who is the offset surface owner. The location was staked and agreed upon by all three (3) parties due to location limitations.

Per COGCC Rules, SandRidge is required to obtain the offset surface owner approval of this location as they do not conform to COGCC Rule 603.a.(2). Should you find this location exception acceptable, please sign the space provided below.

By approving this matter, we anticipate COGCC granting SandRidge a location exception waiver to COGCC Rule 603.a.(2) allowing the location to be less than 150 feet to the property line.

Please contact me at 303942-0506 or at [krodell@upstreampm.com](mailto:krodell@upstreampm.com) if you have any questions.

Sincerely,

Kimberly J. Rodell  
Permit Agent for SandRidge Exploration & Production, LLC
