COGCC Comments

Comment	User	Date
A fall seeding will need to be performed to facilitate establishment of desirable vegetation. Reseeding must occur no later than November 15, 2017.	CostaR	07/12/2017
Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of pre-disturbance or reference area levels. Use a seed mixture requested by the surface owner, or a mixture prescribed by the local county NRCS. Ensure erosion controls are implemented to stabilize the seeded soil, and continue to monitor and manage this site until Final Reclamation has passed.	CostaR	07/12/2017
