Carlos,

Per your instructions below, a Form 4 (Report of Work Done) (COGCC Document ID 401341205) was just submitted for the Unocal 4 pad location. Please review and let me know if you have any questions.

Thanks

Jake

You just says what you told me in the email.

Use the Unocal 4 location (where the bins are (or were)).

Thanks and have a great weekend,

Stay hydrated :)

Jake,

Would you please submit an e-form 04 so that it gets uploaded to the database?

Thanks,

Carlos

Carlos,

We decided to cancel both of these projects. We have removed all soil bins from the Unocal 4 and are no longer utilizing that facility as a temporary holding area for soil. We also did not find it necessary to transport the cuttings from the C23 to the E1. Please let me know if you have any questions.

Thanks

Jake

Jake,

That works for me.

I will be in the office all day tomorrow if you want to discuss this one and the previous submittal that was approved with Alex' COAs.

Thanks,

Carlos

Carlos,

One of the COAs associated with the approval of the attached Form 4 is to obtain landowner approval from the landowners who own the land that the E1-797 sits on. However, the landowner that owns the land that the E1-797 sits on also owns the land that the C23-697 sits on. I do not think it is necessary to seek landowner approval of this. However, I will make them aware that we are moving cuttings from one pad to another in order to make room for completions on the C23-697. Please advise.

Thanks
