COMMENTS

On 7/13/17, I went to attempt to sample either of the two potential available water sources for API 05-123-45086 that showed up in my GIS search analysis. I searched for receipt 9058348 and couldn't find anything. I then went to water well receipt 0313137B only to find a bone dry stock tank and an abandoned well with no equipment next to it, which is actually to the SE of DWR's well point, where the fence lines meet. See attached map and photos for reference.

Operator Comments:

After visiting the search area, no available water sources exist. See attachments and other comments for explanation.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
