Inspection Photos
Location Name: MATT #1
API: 05-123-20011

Google Earth aerial imagery taken 8/18/2012 illustrating well location and battery location during operations. Well location appears to meet Rule 1004 standards; however, the battery location does not meet Rule 1004 standards. Refer to the following photos for more details.

Inspection Photos
Location Name: MATT #1
API: 05-123-20011

Photo 1. Photo taken from the southern battery location, facing North. Appears gravel has not been removed from location and subsequent reclamation activities per Rule 1004 have not been performed. Weedy, annual vegetation was observed as well as a List C noxious weed, Puncture vine.

Photo 2. Reference photo taken east of the location, facing North. Battery location is not reflective of reference area vegetative levels.

Inspection Photos
Location Name: MATT #1
API: 05-123-20011

Photo 3. Photo taken from the approximate center of the well location, facing North. Well location appears to meet Rule 1004 standards.
