

Inspection Photos  
Well API 123-14055

**Photo 1:** Photo taken from the Robb-PM #15-7 well location, facing west. Photo shows riser remaining at well location. Records indicate Bayswater as the last operator on record, however and extraction sticker has been placed on the sign.

**Photo 2:** Photo taken from the Extraction battery location. Photo shows equipment associated with the Robb-PM F #15-7 appears to have been disconnected, but has not been removed per 1004.a.

Inspection Photos  
Well API 123-14055

**Photo 3:** Photo taken from the Extraction battery location. Photo shows equipment associated with the Robb-PM F #15-7 appears to have been disconnected, but has not been removed per 1004.a.

**Photo 4:** Photo taken from the Extraction battery location. Photo shows equipment associated with the Robb-PM F #15-7 appears to have been disconnected, but has not been removed per 1004.a. Photo also shows risers that have not been marked or removed per phase I and II of the May 2, 2017 Flowline or Pipeline NTO, and per rule 1004.a.
