Response: CA COMPLETED

Date of Completion: 07/25/2017

Operator Comment: Tenant farmer was contacted and due to his tractor "blowing up", he was not able to plant a crop this spring as planned. He plans to plant this fall and does not anticipate any problems with the area of the former well pad. Bill Barrett Corp. will follow up with him in the fall to determine progress.

COGCC Decision: Approved

COGCC Representative:	After further review it appears that the surrounding crop was Common Rye which may not have been planted as a crop but grew into the surrounding field. The fall planted crop will need to be evaluated during the following season to determine uniform crop re-establishment.
