SOURCE REMOVAL SUMMARY

Describe how source is to be removed.

Partially buried storage vessel and potentially contaminated soil will be disposed of at a certified facility.

OPERATOR COMMENT

At the time of the PBV removal, KPK observed no evidence that the PBV was ever in operation or connected to the facility's production equipment or associated wells. Concentration of hydrocarbons detected in the soil increased further away from KPK's equipment and wells.

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
