

**photo 1:** Facing southeast toward the former tank battery site. There is tall undesirable weeds (Kochia) throughout the site.

**photo 2:** Facing southwest toward of the former tank battery site. There is gravel that remains, soils are compacted, and there is undesirable/noxious weeds throughout the site.

**photo 3:** Facing southeast toward the location.

**photo 4:** The electric utilities remain at the location and the location has not been reclaimed per rule 1004.
