Dear Mr. Lepore:

Bayswater Exploration & Production, LLC (Bayswater) is planning to drill the above referenced well in accordance with the provisions set out in Colorado Oil and Gas Conservation Commission (COGCC) Rule 318A.e. Bayswater's Proposed Spacing Unit consists of:

S½SE¼ of Section 7, Township 6 North, Range 66 West
S½S½ of Section 8, Township 7 North, Range 66 West
N½N½ of Section 17, Township 6 North, Range 66 West
N½NE¼ of Section 18, Township 7 North, Range 66 West
Containing 480.00 acres, more or less

Bayswater is not the only owner within the Proposed Spacing Unit and has provided notice to the remaining owners, as required by COGCC Rule 318A.e.(6). Copies of the required notification letters are on file at Bayswater's office. The required thirty (30) day notice period has elapsed absent the receipt by Bayswater of any objection to their proposal by the owners within the Proposed Spacing Unit for the subject well.

Enclosed is the Proposed Spacing Unit Exhibit to assist in your review and approval of Bayswater's proposed Application for Permit to Drill for the Booth X-8-7HN Well. Many thanks for your attention to this matter.

Respectfully,
