Mr. Matt Lepore, Director  
Colorado Oil and Gas Conservation Commission  
1120 Lincoln Street, Suite 801  
Denver, CO 80203

RE: Waiver and Location Exception  
Easy Come #1 Well  
Township 6 South - Range 54 West  
Section 2: NE/4NE/4 (620' FNL 853' FEL)  
Lincoln County, CO

Mr. Lepore -

The proposed well site for the Easy Come #1 Well is located 823 feet east of the Easy Come #2 Well located on the same quarter section.

COGCC Rule 318.a states:

"Wells 2,500 feet or greater in depth. A well to be drilled two thousand five hundred (2,500) feet or greater shall be located not less than six hundred (600) feet from any lease line, and shall be located not less than one thousand two hundred (1,200) feet from any other producible or drilling oil or gas well when drilling to the same common source of supply, unless authorized by order of the Commission upon hearing."

Due to the seismic operations conducted over these lands, the proposed location of the Easy Come #1 Well is in the best interest of all parties to give the highest degree of success in locating oil and/or gas in producing quantities on these lands.

Since Grand Mesa Operating Company (GMOC) is also the owner of the Easy Come #2 Well, GMOC does waive itself from the above stated COGCC rule.

An exception from the commission to the above stated rule is hereby requested for the drilling of the Easy Come #1 Well Form 2 Doc #401347377 in the NE/4NE/4 of 2-T6S-R54W, Lincoln County, Colorado.

Sincerely,

GRAND MESA OPERATING COMPANY

Michael J. Reilly  
President

Waiver Exception GMOC Easy Come #1
