13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Crescent Point Energy U.S. Corp respectfully submits this final abandonment notice for the Slick Rock Fed 8-23-4-17. The pad was initially seeded on October 29, 2010 by predecessor operator Rover Resources, Inc. then reseeded December 2, 2015 by Crescent Point Energy U.S. Corp with intermittent weed treatment efforts beginning 2012. Crescent Point Energy U.S. Corp and the BLM have agreed that the site is eligible for final abandonment and bond release with the access being left intact as previously requested by the adjacent landowner and agreed to by the BLM.

14. I hereby certify that the foregoing is true and correct.
