OPERATOR COMMENT

Foundation Energy is submitting this Form 27 prior to the collection of sidewall and base samples at the pit located at the Roth Battery. Foundation anticipates that sample collection will occur during the week of August 28, 2017. Samples will be analyzed on a standard turnaround time for DRO, GRO, BTEX, pH, SAR and EC. Once laboratory results have been received, Foundation will submit a narrative and map with sample locations and results to COGCC for review in support of pit closure activities. Thanks

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
