1	Reconsider the location of this site and its well pads. It is too close to existing neighborhoods like Northridge and Rue de Trust which are already affected by noise and smells coming from the Crestone sites just northwest of them. Several complaints about these sites have already been filed with the COGCC. Some are seeking legal advice as well. Strongly recommend you relocate further away.	06/14/2017
2	Consider relocating this further away from existing neighborhoods. Neighbors will seek legal advice if drilling proceeds and while drilling operates. Complaints have already been filed for other operators withinin a similar distance.	06/15/2017
