1	Reconsider the location of this site and its well pads. It is too close to existing neighborhoods which are already affected by the noise and smells coming from nearby operations. Several complaints about these sites have already been filed with the COGCC. Some are seeking legal advice as well. Strongly recommend you relocate further away from residential neighborhoods.	06/14/2017
2	Consider moving this well site further away from existing neighborhoods. Neighbors will seek legal advice. Currently complaints have already been filed against existing nearby well sites and residents are considering legal action.	06/15/2017
