At the time of inspection, I observed Liberty Services performing frac operations on the location for Crestone Peak Resources. I reviewed location records, which did not show any abnormal frac operations at the time of the complaints. I also reviewed the 3rd party sound data and the town of Erie's sound data information which did not show any exceedance of noise levels.</p> <p>All information reviewed and site inspection information were submitted to the COGCC for further review.</p> <p>No violations of COGCC rules were observed at the time of the inspection.</p>
