

7/25/2017

Mr. Matt Lepore, Director
Colorado Oil & Gas Conservation Commission
1120 Lincoln Street, Suite 801
Denver, Colorado 80203

**RE: 305.a.(2). Operator Certification of Buffer Zone Notification
Sam 25H-M166 Pad
NW/4SW/4, Section 25, Township 1N, Range 66W, 6th P.M.**

Dear Director:

Crestone Peak Resources (Crestone) is planning to drill the captioned well pad in accordance with the provisions of Colorado Oil and Gas Conservation Commission (COGCC) Rule 305.a.(2)..

As such, Crestone has notified all building unit owners within 1000' of the proposed well pad via certified mail on April 17, 2017. The notification letters provided to the building unit owners included all information required under COGCC Rule 305.a.(2). A "Notice of Comment Period" letter informing the building unit owners will be sent per COGCC Rule 305.c. when the public comment period begins.

Thank you for your time and attention to this matter. Crestone Peak requests that the COGCC review the enclosed information and approve the applicable forms for the captioned well pad. If you have any questions or comments, please contact me at 720-410-8578.

Sincerely,

Ryan Bruner
Regulatory Analyst
