Subject: State Reportable Notification
Date: Tuesday, September 26, 2017 2:40:53 PM

Good Afternoon,

We had a State reportable at the well noted below due to the quantity of fluid released outside containment. Approximately 1.5 barrels of crude oil and produced water were released due to an equipment failure on the pumping unit associated with the well noted below. More information will be provided in a forthcoming COGCC Initial Form 19 Release Report. Please let me know if you have any questions.

Well: Shafer 7-26
API: 05-123-21891
Legals: SWNE Sec. 26-T2N-R66W

Thanks

Paul Schwarz
