

**Photo 1:** View of the project area from the northeastern corner facing center.

**Photo 2:** View of the northern portion of the project area from the northeastern corner facing westward. Revegetation is progressing with grasses and shrubs such as western wheatgrass (*Pascopyrum smithii*), crested wheatgrass (*Agropyron cristatum*) and rubber rabbitbrush (*Chrysothamnus nauseosus*).

**Photo 3: View of the eastern portion of the project area from the northeastern corner facing southward.**

**Photo 4: View of diffuse knapweed (*Centaurea diffusa*) within the project area.**

**Photo 5: View of the western portion of the project area from the northwestern corner facing southward.**

**Photo 6: View of silt trap in the southwestern corner of the project area. This is almost full of sediment and will soon require maintenance.**
