**Photo 1.** Photo taken from the entrance of the location off CR110, facing North. Russian thistle growing throughout the access road portions of the road.

**Photo 2.** Photo taken from a portion of the access road, facing South. Russian thistle growing throughout the access road portions of the road, gravel still on access road, and access road has not been contoured or seeded.

## Inspection Photos

Location Name: HUTCHISON 2-9-67 #1H

API: 05-123-34079

**Photo 3.** Photo taken from a portion of the access road at an intermittent stream crossing, facing North. Culverts need to be removed per Rule 1004.

**Photo 4.** Photo taken from another portion of the access road, facing East. Culverts need to be removed per Rule 1004.

Inspection Photos  
Location Name: HUTCHISON 2-9-67 #1H  
API: 05-123-34079

**Photo 5.** Photo taken from the entrance of the location, facing West. Culvert, cattle guards, and fence have all been left at location.

**Photo 6.** Photo taken from the entrance of the location, facing South.

## Inspection Photos

Location Name: HUTCHISON 2-9-67 #1H

API: 05-123-34079

**Photo 7.** Photo taken from just beyond the gate shown in Photo 5, facing South. Russian thistle growth continues throughout access road.

**Photo 8.** Photo taken north of the well pad, facing Southeast. Photo illustrates the fill slope that indicates this location has never been reclaimed per Rule 1004 standards.
