RE: **Surface Owner Consent**  
Interim Statewide Horizontal Offset Policy  
Champlin 365 Amoco Unit A#2  
Sec. 33 T1N R65W-Weld County, Colorado

Dear Ms. Brnak:

In March of 1981, the Champlin 365 Amoco Unit A#2 well (API #05-123-10181) was drilled by Amoco Production Company on the property that you presently own. This well was later plugged and abandoned on December 18, 1986. The well was plugged and abandoned to the standards required by the Colorado Oil and Gas Conservation Commission ("COGCC") at the time. However, Pursuant to the COGCC's Interim Statewide Horizontal Offset Policy, dated February 10, 2014, additional work is required on the Champlin 365 Amoco Unit A#2 before new horizontal wells within 1,500' can be hydraulically stimulated.

Pursuant to the COGCC Policy, Confluence is required to obtain surface owner consent before accessing the subject well. Our plans for the Champlin 365 Amoco Unit A#2 are detailed below and you will receive communication at least one week prior to all operations detailed below:

- Accessing the property with heavy equipment to re-enter the Champlin 365 Amoco Unit A#2 and bring the well abandonment up to today's standards.
- Accessing the property to conduct final reclamation to return the land to its current state.

As mentioned above, the surface owner's consent is required. Should you find these plans acceptable, please sign the space provided below.

Please contact me at 303-226-9506 or at [amallon@confluencelp.com](mailto:amallon@confluencelp.com) if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Angela Mallon', is written over a horizontal line.

Angela Mallon

By signing below, you consent to allow Confluence DJ LLC the right to access your property to re-enter the Champlin 365 Amoco Unit A#2.

Sign:
