**General Comment:**

This is an Abandoned Location Inspection for Five Wells, listed in Related Facilities, above; permits expired 12/29/2015. The Two Conductors Set on Site for the XX Wells, noted in previous Insp Doc#680100960, Dated 7/7/16 have been Closed. It does not appear that these AL Wells were drilled on Location with Three Producing Wells; therefore these would be Well Releases on an Active Location. As Permits have not been Abandoned, the Wells can not be released at this time. Refer to Reclamation Section.
