Response: FACTUAL REVIEW REQUEST

Basis for Review: Action requested was already completed prior to the inspection

Operator Comment: Dick Rogers manager of Chimney Canyon Grazing Assicuatuib stated that he wanted the locaation to naturally reseed. At that point I contacted Dave Cahlman he said to go with what the land owner wished and let it come back naturally. A year later we are back to the same inspection and I considered thais handled. Why are we back here again. Attached is the letter from Dick Rogers that you received a year ago. Also the email with the attached that was sent a year ago. Their was no request for any forms to be filled out at that time.

COGCC Decision: **Not Approved**

COGCC Representative: Factual review not approved, reclamation has not been completed. No official 502.b variance has been submitted or approved.

COGCC Supervisor: Field Inspection Unit Manager Margaret Ash will be in contact with operator soon to resolve issues associated with inspection and reclamation.
