General Comments

<u>User Group</u>	<u>Comment</u>	<u>Comment Date</u>
Reclamation Specialist	The approval of this Form 4 is an acknowledgement that the document and attachments were received. It is not an approval of the interim reclamation as the outcome of the methods will be determined on the ground during an inspection at a future date. Based on the attached photo documentation, it appears that Puncture vine is widespread throughout the disturbance areas versus the reference areas.	10/31/2017
