312444	LOCATION	AC			-	ALSTATT #1-69S103W 15NWSW	EI

**General Comment:**

Joint inspection with Reclamation Specialist Lou Colby and Field Inspector Curtis Conklin. This inspection focused specifically on environmental aspects. XOG has removed all equipment. Only the wellhead and some conductors remain. No signs of staining, spill or stress vegetation were observed. No signs of pit or tank either. A desktop review showed no indication that a pit or a tank had ever existed on this site.
