Inspection Photos  
Operator: CASCADE PETROLEUM LLC - 10414  
Location ID: 439341

**Photo 1:** Photo of sign at location entrance.

**Photo 2:** Photo taken from the southwest end of the location, facing west. Inspection #682502556 required operator to install or repair stormwater and sediment control BMPs on location. Photo shows hay-bale ponding BMP that has not been maintained or repaired, and is not in proper functioning condition.

**Photo 3:** Photo taken from the southwest end of the location, facing north. Photo shows straw wattle ponding BMPs on location. Photo also shows areas where water movement has created gulley erosion

**Photo 4:** Photo taken from the straw wattle BMP at top of photo 3 (green arrow). Photo shows BMP is not longer in proper functioning condition as stormwater has cut under the wattle.

**Photo 5:** Photo taken from the southwest southwest end of the location. Inspection #682502556 required operator to repair erosion and stabilize the location. Photo shows erosion degradation has not been repaired, and stabilized. Hat for reference.

**Photo 6:** Photo taken from the south end of the location, facing southwest. Photo shows straw wattle ponding BMPs on location.
