VIA CERTIFIED MAIL

Dear Owner:

Per the requirements of Rule 325 subparagraph (l) of the Colorado Oil and Gas Conservation Commission (COGCC), we are required to inform all surface owners within ¼-mile of the proposed well site and all mineral owners within ¼-mile of the proposed bottom-hole injection site ("owners" as defined in CRS 34-60-103(7)) that Sandridge Exploration & Production LLC has applied to the COGCC for permits to drill three (3) salt water disposal wells. The wells are all located in Section 16 T7N R80W (SESW) in Jackson County, Colorado. Surface and bottom-hole specific locations are listed above.

Any person who would be directly and adversely affected or aggrieved by the authorization of the underground disposal of salt water into the injection zone (Entrada formation), may file, within fifteen (15) days of this notice, a written request for a public hearing before the COGCC, provided such request meets the protest requirements specified in Rule 323 subparagraph (m).

Your cooperation concerning this matter is greatly appreciated; any additional information on the proposed application can be obtained from the COGCC.

Sincerely,

Kim Rodell
