Stan,

This email is intended to confirm our discussions regarding CC Pond 604-41-32 (also known as Pond 3),  
Lat/Long: **39.55724/-108.21868**

That facility was permitted with a Form 15 and is currently being used to store fresh water. We collect samples and have the water analyzed at least twice a year.

Please contact me if you would like to discuss the status of that location going forward.

Thanks
