Comment:

Document number 680102416 dated 11/26/2017 indicates "Lower level of Location is In Process of Interim Reclamation." The statement in the inspection " Laramie completed reseeding at this location on November 4 & 5 2017. Laramie Energy owns the subject property. COGCC Corrective Action for reclaim of the Storage Area portion is in direct conflict with the permitted use granted by Garfield County Planning Department to the landowner (Laramie). The GARCO permit authorizes 1.49 acres for use as a Storage/Laydown Area. The current size of the Storage Area is in agreement with the permitted use (see attached). No evidence of erosion or other Storm Water issues exist. COGCC photographs attached to document number 680102416 demonstrate the Storage Area is well kept and organized. Laramie does not anticipate any interim reclamation or the need for a Variance at the Storage location.
