COMMENTS

A review of the data on the COGCC website and contact with landowners in the area indicates there are no available water sources for sampling.
 There are three water wells located within the sampling range. However, one of these wells is abandoned, the second is a monitoring well, and the third well Receipt # 3667195 is mapped incorrectly by the DWR.
 There are also two previous sample locations nearby, one of which is where the incorrectly mapped water well Receipt #3667195 is actually located, but these are outside of the sampling range. Please see attached maps for reference.
 This sundry is for all wells on location #452726
