Comment:

COGCC has granted a two week extension from the original CA date of 11/15/17 due to corn still in crop. Reclamation work was completed 12/1/17 once corn was out. Removed roadbase, imported topsoil, spread compost, deep ripped, disked, and straw mulch/crimp for stabilization.

COGCC Decision: Approved pending re-inspection

COGCC Representative: "Approved pending re-inspection" of the FIR resolution acknowledges that the Oil and Gas Conservation Commission has received the notice. It is not an acknowledgement that the corrective action has been passed. Operator has not provided documentation indicating work has been conducted. A field inspection will be conducted to evaluate compliance with COGCC standards.
